

REMARKS

It is believed that this amendment to the drawings overcomes the need for translation of the text in the drawings, and that a processing fee is not required. However, if a processing fee is required, the USPTO is authorized to charge the processing fee to deposit account 50-1924.

The amendment was not made for reasons related to patentability, and the full range of equivalents for all of the elements of the claims should remain intact.

Respectfully submitted,
